

# Everyone's Lonely

Stefanie Heinzmann

Love's like a carousel  
Such a ruthless invention  
But if you never fell  
It shines like a bold revelation You find yourself on your own  
Force you to look into your bones  
So maybe you'll never know  
Such power prevails now in your whole Everyone's lonely  
Everyone's lonely these days  
Can you save me from the cliché  
'Cause did I mention I was lonely these days Another skinny girl  
Mournfully crooning a sad song  
She'll ruminate upon  
Her chemical high generation  
So maybe you're just too young yeah  
Maybe through with the searching  
So just in for the fun  
I may be single and looking yeah Tell me does it chip at the cracks in your soul?  
Every single person's got a story to tell  
Heartache is worth so much more when it's sold Sometimes I give away  
More of myself than I'd like to  
Sometimes I throw away  
Lyrics of old that were untrue Everyone's lonely  
Everyone's lonely these days  
Everyone's lonely seems like  
Everyone's lonely these days  
Everyone's lonely  
Everyone's lonely these days  
Did I mention that you should stay?  
Seems everybody's lonely these days
