

The Night (Bassrock Remix)

[Troy D](#)

Move your bod
Move your bod
Move your body
All Over mine
Over mine
Over mine (yeah and)
Dont waste no time
Stop thinking yeah
You know I want it tonight When I say move
Thats when I want you to move
And naw you can't stop
Until I tell you its cool
And yeah when we touch
Thats when I want us to
Forget everything 1234 Dont try to remember the night
Dont try to remember the night
Dont try to remember the night
(Lights out, blackout) Sexy bod
Sexy bod
Sexy body
All over mine
Over mine
Over mine (yeah and)
Dont waste no time stop thinking yeah
You know I want it tonight When I say move
Thats when I want you to move
And naw you can't stop
Until I tell you it's cool
And yeah when we touch
Thats when I want us to
Forget everything 1234 Dont try to remember the night
Dont try to remember the night
Dont try to remember the night
(Lights out, blackout)
(repeat)
