

Street lobotomy

Body Count

Drugs, liquor, drugsI love to smoke crack
I love to shoot smack
I love to fuckin' drink
I love my smoke when it stinks
I need it in my veins
I need it in my brain
What has it done to me
Street lobotomyMy brain melted down
Brain melted down lobotomyNeed some more dope man
Yeah got
Any acid dude
Got any ludesMy brain melted down
Brain melted down lobotomyDrugs, liquor, drugs ?I love to do blow
That's the way to go
You got some PCP ?
How 'bout some LSD ?
I'm havin' lots of fun
I might as well use a gun
Don't even ask my why
Maybe I wanna dieMy brain melted down
Brain melted down lobotomy
