Four Minute Warning

Chaos UK

Four minutes left to go, is this the end?
That message on your stereo, four minute warning
Everybody wants to know what should we do than
A few short stories, a four minute warning
Sasha stands in his yellow cafe
Yes, the heart of the city is here, so he tells me
Sitting on his red leather sofa, he's rolling another
Man, I'll see you when I see you
Polly is set to be the next big thing
In her high heeled boots and her two inch earrings
Heart of glass, Blondie, sings in her ear
You're a rock queen honey and we all hear you
Three minutes left to go, is this the end?
That message on your stereo, four minute warning
Everybody wants to know what should we do than
A few short stories, a four minute warning
Lucy had a hard time with love
But love recently chose the right time for Lucy
Loving when you know, it's the final time
She now holds time in her own mind
Yeah, Jimmies is the local for Michael
A Guinness in one hand, in the other a fable
Able, I once asked, are you a lonely man?
His reply was non-committal, I am what I am, man
Two minutes left to go, is this the end?

That message on your stereo, four minute warning
Everybody wants to know what should we do than
The official story's a four minute warning
Cry, laugh, feel love, peace, panic
These are your four minutes
I'm counting it down, four minutes of sound
It's always a rush when you're around
The final story is one of me, who with four minutes left
Has used up three, I think of you, I think of me
Then I think of nothing, it's the end you see
Yeah
One minute left to go, is this the end?
That message on your stereo, four minute warning

Everybody wants to know what should we do than
A few short stories, a four minute warning
Thirty seconds left to go, is this the end?
That message on your stereo, four minute warning
Everybody wants to know what should we do than
What would you do?
What would you do? Yeah
With a four minute warning, a four minute warning
I'm fading away, I'm fading away, if anybody wants to know
I'm fading away, I'm fading away, there's only seconds to go
