

# Love Controller (feat. Dayne S)

## Zack Knight

(Verse 1)

Don't think I don't know what you're doing  
Playing with my mind like a video game  
And you go in like a movie  
You got me doing things that I'd never do  
And I can't can't believe how you did that  
Pulling me in like we about to go  
Caught me off track when you're with me

(Chorus)

You got me feeling some kinda way  
With your love controller  
You gotta hope I let you go  
Cause baby when we're together  
You're making me feel some kinda way  
Kinda way baby wind for me  
Wind for me in a kinda of way  
Wind for me baby wind for me  
You got me feeling some kinda way  
Some typa way girl  
Some trypa way girl  
Hmmm some kinda way girl  
Some typa way girl

(Verse 2)

Now you got me running running through the motions  
Taking your time you don't make no mistakes  
Love runs deeper than the ocean  
Doing just fine till you come my way  
And I can't believe how you did that  
Pulling me in like we about to go  
Caught me off track when you're with me

(Chorus)

You got me feeling some kinda way  
With your love controller  
You gotta hope I let you go  
Cause baby when we're together  
You're making me feel some kinda way

Kinda way baby wind for me  
Wind for me in a kinda of way  
Wind for me baby wind for me  
You got me feeling some kinda way  
Some typa way girl  
Some trypa way girl  
Hmmm some kinda way girl  
Some kinda way girl

Kinda way baby wind for me  
Wind for me  
Baby wind for me (X3)
