

All I Can Do (The Historemix Remix)

[Jump5](#)

It's like I've got nothing to do but think about you (all I can do, all I can do) Everyday is a new day
And I don't have to pretend
All my friends think I'm crazy
But I don't want this to end When I have the chance I wanna say to you
Wishing I could take back what I put you through
I'll never do it again
We're like oil and water still we somehow mix
And what used to be broken is somehow fixed
It's hard to explain I know some people say
That opposites attract
If that's the truth then we
We will be together forever It's like I got nothing to do but think about you
I've got all the time in the world
If you look in my heart
You'll know from the start
That's its all I can do
Not to think about you I gave you good reason
To walk out that door
Let me tell you I've learned a thing or two And I'm so amazed at the things you do
Now don't let me go oh no I know some people say
That opposites attract
If that's the truth then we,
We're meant to be together forever It's like I got nothing to do but think about you
I've got all the time in the world
If you look in my heart
You'll know from the start
That's its all I can do
Not to think about you I know some people say
That opposites attract
If that's the truth then we,
We belong together forever It's like I got nothing to do but think about you
I've got all the time in the world
If you look in my heart
You'll know from the start
That's its all I can do
Not to think about you
