

Nothing I Can't Do (feat. Trip Lee & Lecrae)

[Tedashii](#)

Advisory - the following lyrics contain explicit language:

[Verse 1 Tedashii:]

You don't know what I been through

Lost it all and my rents due

Trouble when it rains it floods

In my pain though it ain't all good

No but I tell em this

I'm a witness

That everything is made new

So tellem dawg I ain't through

Feels like this life just became a fight

Yeah I'm in it they know it

I know the pressures on me

yeah there's pressure on me

but tell em who ain't gonna crack homie[Hook - Trip Lee:]

I can't do, there ain't nothin' I can't do

There ain't nothin' I can't do

There ain't nothin' I can't do

I can't do there, there ain't nothin' I can't do

there ain't nothin' I can't do[Verse 2 - Tedashii:]OK life for most, we know that this is not paradise

But we swear it's tight when she wear it right

I feel the heat it's Miami Vice

It's the rest of me to get the rest of me

You start burnin for that but ain't no turning me back

that's pressing me and they testing me

To see me fail and give me Hell so I'd be burnin in that

yeah right, life is an island which means we trapped in that

But we cool cuz the view so nice and lax

And we dont feel the pain cuz' of laughing gas

Yeah but no matter how good that feel

Man this pain is the thing that kill

Man I heard that so I swerve back

Curve that so I curve back

Every time I feel that urge back
We crossing paths where we merge at
It drives me crazy but lately
Man I feel like I can make it
Cuz' last year I couldn't take it
And this strength man I can say this[Hook][Bridge - Trip Lee:]
Might Walk on water
I wont lose a step
Got-gotta go hard
But I ain't gotta do it myself
I can't do, there ain't nothin' I can't do
Feelin like I can't lose
There ain't nothin' I can't do[Verse 3 - Lecrae:]
Hold up what you say all that fame done gone in my head
Like that same power that save me can raise me from the dead
They got me reading thinking bout keeping peace
While I'm raging war on myself
I feeling myself then I'm killing myself
I'm sipping on blood and I'm chewing on flesh
Just chill out we don't want to hear that mess
All that won't do that and don't do this
pain, death, hurt, hate we done more that I ain't been
through yet
but I don't care though, bring on the heavy metal
I got a power living in me that'll never settle
Never leave nor for sake I'm a bleed never break
I'm a die come back with the keys to the safe
Gotta peek sitting deep for the things that I face
Can't erase God's ink wait clean with the paint
And I'm stained in it when the pain hit me
I would stain anything that you bring to me
The letter tell me what I can't do faithfully
The letter tell me what I Can't do faithfully
The letter tell me what I Can't do faithfully
I can't do it
