

# The Lost Song, Pt. 3

## Anathema

Now that I found you, not gonna leave you  
World keeps me turning  
Spirits reflected  
My heart beats for you Outside my body  
Tonight, in my mind's eye...  
I need you to hold on Promise the future  
Dreaming in colour  
Being together  
Spirits reflected  
Feeling is so real  
Beauty is endless Tonight in my mind's eye...  
I need you to hold on Found our guide, I sold in flight  
And time came here  
Our scars can't heal This love, is our God  
Our need,  
how far,  
Life, for a dream  
Find truth in dream  
Our home , Our home , Our home  
Hold on!
