

Hiroshima (B B B Benny Hit His Head)

Ben Folds

Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh Start of the show Hiroshima
And the people were shouting my name
As the house lights came down and the spotlight followed me out
I waved hello to the crowd as I busted ass off the front of the stage Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
They're watching me, watching me fall Maybe it was a rush of adrenaline
As the concrete rose to meet face
Maybe it was the sheer embarrassment
That kept me conscious and standing As I crawled back up onto the stage
And started pounding out the first song
There was blood on the keyboard
Oh my God Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
They're watching me, watching me fall Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
They're watching me, watching me fall You wanna see what's in my head?
You wanna see what's in my head?
You wanna see what's in my head?
Check it out 'cause I got pictures of what's in my head
I got pictures of what's in my head
They took 'em in Tokyo
And I brought 'em back with me to the USA Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
They're watching me, watching me fall Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
They're watching me, watching me fall It's true I fell then I hit my, hit my head you know
I mean my head, my ankle, my ankle was black
But my head got a concussion They took x-rays and I asked the doctor
If he could tell whether I was
I don't speak Japanese but I was talking to him

Does this song end?
