

Lovely

Talisco

Exploring you
Cause it's so good
I know every part
And feel so goodCause you, my only love, make me feel so fine
Stay by my side
Cause you, my only love, and I feel so good
Here by your sideClose your eyes
Feel my lips
Drown in my kiss
And feel the starsCause you, my only love, and I feel so good
Here by your side
Cause you, my only love, make me feel so good
Stay by my side
Cause you, my only love, and I feel so good
Here by your side
