Wasting Time (eternal Summer)

Four Year Strong

Wasting time, all along you've just been wasting mine
Ignoring all the signs that point our way out of our prime
Draw the line, all this time your where just drawing mine
Only problem is I see no ends in sight of any kind
Well, I can see you're waiting but I don't care
To fill this whole place up with gasoline
And blow the top off this whole damn thing
Yeah, 'cause I don't care, 'cause I don't care
The perfect crime, I just took what was yours and called it mine
Spent every night with fire in our eyes, can you see it shine?
Lost in time, I'd give this all up for a chance to find
My way back to that summer in 2003 when I felt alive
Well, I can see you're waiting but I don't care
To fill this whole place up with gasoline
And blow the top off this whole damn thing
Yeah, 'cause I don't care
It was the first time, I didn't fall asleep until the sun came up
'Cause we never ever had enough
It was the first time that we could rush the streets
Feeling no defeat 'cause we were ready to ignite the sky
It was the last time that I had the time of my life
Wasting time, all along you were just wasting mine
Ignoring all the signs that point their way out of our prime
Wasting time, all along you were just wasting mine
Ignoring all the signs that point their way out of our prime
Wasting time, all along you were just wasting mine
Ignoring all the signs that point their way out of our prime
'Cause I don't care
