

Rumors (Off Broadway Remix by Jackdrag)

[Josh Ritter](#)

Serenade me with rocks, love
No lullabies through the locks love
I locked myself in with the band
But the music's never loud enough Decibels in the belfry
Hey what the hell if it helps me
I put a whip to the kick drum
But the music's never loud enough So you're gonna have to show me
How that dance is done
The one where somebody leaves someone My orchestra is gigantic
This thing could sink the Titanic
And the string section's screaming
Like horses in a barn burning up He plays pianos with fistfuls
Of broken Belvedere crystal
And he's trying to forget you
But the music's never loud enough So you're gonna have to show me
How that dance is done
The one where somebody leaves someone He's impaling the front row
Fighting fires with arrows
And he'll act like he forgot you
But the music's never loud enough So you're gonna have to show me
How that dance is done
The one where somebody leaves someone
