

# Overlord (2010)

## Black Label Society

The undying embrace of chaos and war  
As the oppressed lie writhing down on the floor  
This Babylon of fear that you shall know  
To rule and suppress, destroy and overthrow Kings of this world  
The servants shall serve  
Slaves never free  
Kings of this world all that's to be  
All that you hear and all that you see I am your overlord  
Everything above and below  
I am your overlord  
The exodus of your will and  
All that you'll ever know This brotherhood of snakes shall  
Rule and control  
The corruption of man his fate  
And his soul Kings of this world  
The servants shall serve  
Slaves never free  
Kings of this world all that's to be  
All that you hear and all that you see I am your overlord  
Everything above and below  
I am your overlord  
The exodus of your will and  
All that you'll ever know This flame of black which burns  
So bright  
For the slaves shall never see  
The apocalyptic end of the past  
The new world shall forever be The great conspiracy  
The betrayal of god  
The fires of revolution  
Aimed at the heavens above Kings of this world  
The servants shall serve  
Slaves never free  
Kings of this world all that's to be  
All that you hear and all that you see I am your overlord  
Everything above and below  
I am your overlord  
The exodus of your will and  
All that you'll ever know I am your overlord  
Everything above and below

I am your overlord  
The exodus of your will and  
All that you'll ever know  
She is my overlord  
She is my overlord  
She is my overlord  
She is my overlord  
She is my overlord
