# Heading For The Sun

## Alexisonfire

They are the nameless victims of a generation lost
Searching for somewhere to exist
Held captive by our mistakes, weak and unable to resist
Resentful minds have ruled too long
You get old, weak and strong
We'll drag our hindsight through the twilight of this era
To where our freedom reign and the old thought is laid to dust
Let the philistines wallow in their decadence
While the enlightened minds usher in the dawning of a new
We are heading for the sun, we are
We are heading for the sun, we are
We are heading for the sun, we are
We are heading for the sun
Time will come when we are all condemned
For all the damage we have done
Held accountable for all battles lost, battles won
We are heading for the sun, we are
We are heading for the sun, we are
We are heading for the sun, we are
We are heading for the sun
And the earth will coil each year getting closer to its end
What will our lesson be when we are all ablaze?
That our benevolence was the start of our decay
Or that we did not learn from the mistakes of the past?
We are heading for the sun, we are
We are heading for the sun, we are
We are heading for the sun, we are
We are heading for the sun
