

Kids Of The Century

[Michael Kiske](#)

We poison our hearts
We poison our seas
We burn down the paradise We're stoppin' good waves
We're losin' our trees
The future looks bright ahead
I don't wonder we'll go under in this river of lies We're lost in this time--we create so fine
The future we already fear
Seems like no way out, seems like there's no doubt
The future looks bright ahead We're the kids of the century--we're lost in our games
No time for the memories we look in the haze
We're the kids of the century it wasn't our fault
Ev'rything's done mum, we fall
Let's keep on crying
But sometimes I don't wanna fall Ev'rytime when you look around things will smile at you
Ev'rytime when you turn around you smell the truth
But you run away from the lies you can't say
Don't run away from the lies you can't say We're the kids. . .
