

Tears, Sand & Thorns (feat. Jonwayne)

Mo Kolours

I keep my feet firmly planted on the ground at all times
Tell me why I havnâ€™t felt the ground in such a long time
Sometimes I fear Iâ€™ll be floating through this nothing forever,
The stars are just freckles in the sky full of infinite
Layinâ€™ down and pretend that the world is so innocent
Stargaze nights,
Feelin insignificant,
And maybe just the truth that we never worth shit
Dealinâ€™ mediocre on some cookie word shit
Livin in our headâ€“Playinâ€™ out the fantasy,
The things weâ€™d achieve if we awoke from the dream
Feelinâ€™ cool when weâ€™re actinâ€™ like we never knew things,
Turn around and we feel it when the topic isnâ€™t greed,
And these people that you blame are clearly not you,
Itâ€™s clearly not me until I think about it real hard
Youâ€™re never an exception, you just know how to justify the cause,
Little did you know thereâ€™s a thorn in every prov,
Every lion buckwilinâ€™,
Teeth in every jaw,
Beef in every mind seekinâ€™ justice as they see it
Fingers makinâ€™ Xâ€™s shakinâ€™ hands in agreement,
Shouts to the back of every man in the treatinâ€™,
Bloodshot eyes when the human as we see them,
We wonder why our brothers never hug us when we leavinâ€™
They never listen just wait until the other done speakinâ€™
I donâ€™t see a reason why I should ever open my mouth again,
Noises too loud, I really cant pretend anymore
â€“ Not anymoreâ€“
I keep my feet firmly planted on the ground at all times
Tell me why I havnt felt the ground in such a long time
Sometimes I fear Iâ€™ll be floating through this nothing forever,
The stars are just freckles in the sky full of infinite
Lay down and pretend like the world is so innocent
Stargaze nights,
Feelinâ€™ insignificant,
And maybe just the truth that we never work shit
Dealinâ€™ mediocre on some cookie word shit
Livinâ€™ in our headâ€“Playinâ€™ out the fantasy,
The things weâ€™d be achieved if we awoke from the dream

â€|We awoke from the dreamâ€|
Feelinâ€™ cool when weâ€™re actinâ€™ like we never knew things,
Turn around and we feel it when the topic isnâ€™t greed,
And the people that you blame are clearly not you,
Its clearly not me until I think about it real hard
Youâ€™re never an exception you just know how to justify the cause,
Little did you know thereâ€™s a thorn in every prov,
Every lion buckwilinâ€™,
Teeth in every jaw
