

# Walking On Water

## Lecrae

So I'm walkin' on water  
So I'm walkin' on water  
So I'm walkin' on water  
So I'm walkin' on water Yeah, go 'head, ask me how I do it, bruh  
The sky falling, but I'm still flyin' through-and-through  
Hey this ain't willpower, it's wheel power  
When God's at the wheel, yeah that's the real power  
I feel power, so I'm gon' trust that  
That's how I persevere, that's how I jump back  
The hurricanes never go away  
So I'mma stand firm, tell 'em all to blow away I bet 'cha never see me with my head hung low  
I bet 'cha never see me with my eyes to the floor  
I bet the boys skit, homie they ain't no more  
Ain't no lookin back, letting everything go  
When I see a problem, when it get tough  
I don't get soft, man, I ain't givin' up  
There ain't turnin' back, man, I will stay strong  
It's time to go hard or it's time to go home  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey I know it's all good, when it's all bad  
There's somethin' workin' in me  
Hey what 'ya call that?  
Some people call it perseverance  
Some people say endurance  
But I know for sure it  
It's got me secure  
Yeah, I got faith, that's why I hold on  
'Cause I'm an alien, I'm 'bout to phone home  
I'll be long gone, see you hard times  
Have your boy, love peace, and a sound mind I bet 'cha never see me with my head hung low  
I bet 'cha never see me with my eyes to the floor  
I bet the boys skit, homie they ain't no more  
Aint no lookin back, letting everything go  
When I see a problem, when it get tough  
I don't get soft, man, I ain't givin' up  
There ain't turnin' back, man, I will stay strong  
It's time to go hard or it's time to go home

So I'm walkin' on water, hey  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey I spit the Word any time you hear ya boy flowin'  
So please plagerize me, take my word for it  
Hey I'm Lecrae, but you can call me "Crayola"  
Not because I'm in the kitchen whippin' up the soda  
But because I'm here to paint a vivid picture for 'ya  
I know the truth's hittin' by the way I pitch it for 'ya  
You're fightin' for attention, I've got the riddlin'  
I've got the hope, boy, I'm the middle-man  
Let me show you my Supply, yeah you need to know 'em  
He got me walking on the water when the wind's blowin'  
And when the storm's brewin', and when the tide's high  
That's when I lean into the truth that I abide by I bet 'cha never see me with my head hung low  
I bet 'cha never see me with my eyes to the floor  
I bet the boys skit, homie they ain't no more  
Ain't no lookin' back, letting everything go  
When I see a problem, when it get tough  
I don't get soft, man, I ain't givin' up  
There ain't turnin' back, man, I will stay strong  
It's time to go hard or it's time to go home  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey  
So I'm walkin' on water, hey
