Red Sails

Custom Kings

Sit underneath of the lychee[?] stands
With angels face and butcher's hands
Scribbling an ocean with pad and a pen
Baby let's go through the motions again, tell me
When, i'll be back then, calling your name, through the
Streets i'll be shipping out, to the dead sea
Sailor in love with a gypsy
Tell tail flapping in the breeze, tellin me to

It's all the away, all the away[?]
We haul away, haul away[?]

If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home

These broken homes take to long to fill
And broken bones take to long to heal
Bittersweet love disappears if you let it
I spent the best half of a year tryna get it, over-
Due, that's true, it's all that
Trouble come a knocking with a baseball bat
Shipping out brother to the spice route for[?]
South west south where the trade winds blow

It's all the way, it's all the way[?]
It's all the way, it's all the way[?]

If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home
Red sails in the sunset
Got me a way home[?]

Hail where to the break where, i break off[?]
Chips[?] at the comb[?] now, i'm all out
Sky where we reach, is jet black
You will not see i'm the quickest when i get back
Always let's the tricks know, i'm big snow[?]
That we ship the cargo, good lord
Money in my pocket time in my hand
Slippin up the ship still swayin like a slow dance

It's all the away, all the away[?]
We haul away, haul away[?]

If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home
If you've got what i wanna[?] love then
I need a way home
Red sails in the sunset
Got me a way home[?]

Red sails in the sunset
Got me a way home[?]
Red sails in the sunset
Got me a way home[?]
Red sails in the sunset
Got me a way home[?]
