

# Emergency

## Kool & The Gang

I need a taxi, she's so hot fresh  
In the serious love reaction  
Give it to me 'cause I need your love  
Woman heal me, feel my heart beat Keep this body from a dangerous over heat  
Give it to me 'cause I need your love  
Emergency, emergency  
I need love, I need you, I need a cure, what should I do?  
Give it to me, urgent, your love, emergency Sunday, I'm growing so strong  
With every touch, baby  
Of your electric body  
You rescued me from the fire of heart-break And you knew just what I should take  
Thank you girl for my survival  
And a love so strong, you feel so good  
It's so much more than physical Everything is, oh, so beautiful  
Girl, I need deep in my system Love your cool and so a dripping  
Give it to me, urgent  
'Cause I need your love  
Emergency, emergency  
Sweet sensations dancing through us  
As we're making love Give it to me, urgent, I need your love, baby  
Emergency, emergency  
You energize me, standing beside me Love and affection, give satisfaction  
Give it to me, emergency, emergency Sunday, I'm growing so strong  
You energize me, standing beside me Love and affection give satisfaction  
Give it to me, urgent, I need your love, baby  
Emergency, emergency Emergency, urgent  
Emergency, as we're making love  
Give it to me, urgent 'cause I need your love  
Emergency, emergency  
You energize me, standing beside me Love and affection give satisfaction
