Eazy, man, I broke the cold, I'm in ice mode  
Game face on with my chain sittin' on light mode  
Got a lot of gwap that came from stayin' on a paper chase  
Shout out to my partner, hold it down movin' major weight  
Every city, every state, Soulja Boy is known  
I'm just eighteen now and I'm already grown  
And I put my team on S.O.D. sittin' right  
And this is my theme song and I'm rippin' this beat right

My name is S. Beezy, a.k.a. the Heavy Weighter  
Now go head, I'll see you later  
Now go head and shoot your lay up

Catch me on the rebound, three pounds we found  
In the studio maybe tree sound  
Soulja Boy Tell 'Em, yeah we clown and I'm still on top  
Two years later, still playin' Xbox
