

Waiting to Turn

Brian Courtney Wilson

[Verse 1:]

I have seen this a million times*

What's lost is eventually found.

Trials and hard times turned upside down

Like a flower ferterlized with a dump from a cow.[Chorus:]

And, with this knowledge I have learned that salvation can not be earned.

And, though many bridges I have burned God is waiting for me to turn God is still waiting his turn.[Verse 2:]

He has called me so many times, even more after i fail.

Meeting me when I think I can't make it

To say that even he had to go through some pain.

[Chorus:]

And, with this knowledge I have learned.

That salvation can not be earned

And though many bridges I have burned

God is waiting for me to turn god is still waiting his turn.

[Bridge:]

Why do i fight so much invisible giants this and such.

Reaching for dreams that um scared to touch

While you never take your love away.

God is waiting (he's waiting) for me (he's waiting for me)

To turn (God is) God is still waiting his turn.

Why do i fight so much invisible giants this and such

Reaching for dreams that um scared to touch

While you never take your love away.(Repeat 2x's)God is waiting (you're waiting) for me (he's waiting for me)to turn (God is) God is still waiting his turn.
