

The Window (MTS Mix)

Kenny Wesley

VERSE 1

Tell me a secret, I know you feel it
I know you wanna change your history
Just so you can be
Connected ...to all the madness throughout the universal galaxies
Take just a minute so you can listen
To all the ghosts awaiting your release
I know you know what I mean
Just do it, take a moment, we can make the world so calm and free

HOOK

Look at my face
Look at my eyes
Look at the sun that will always rise
Look at the years
Look at the days
Look out the window
VERSE 2
Our past is empty evaporated
Like a molten vapor of the sea
But this ain't scarin' me
It's expected...with every second of every minute lies a vacancy
Just share the secret, uncovers years of
Of all the pain and scorn and misery
That we don't care to see
Just do it, so take a moment, we can make the world so calm and free[HOOK]

BRIDGE

When I'm falling down
When you're falling down
Just remember that the sun is always shinin' on ya
When you're falling down
When you're falling down
We'll make the world go around...[BREAK/HOOK]
