

Mrs. Cinderella

They Might Be Giants

Mrs. cinderella

Please don't pound on my chest

I can not see you now

I can not have seen you before

When it turns twelve o'clock

I'll be back by myself

And you'll be back in his arms

As mrs. somebody else

Mrs. cinderella

Please don't knock down my door

You've been around the world

And I've been around my block

When I hear you say (when I hear you say)

I hear somebody talking (I hear somebody talking)

And when I hear you talking (and when I hear you talking)

I hear somebody say (I hear somebody say)
