The Sweet Life (Tropical Version)

Axero

I am gonna live it up to 101
and eat every food and try every drugI am gonna win and lose till 202
and drink at every bar from here to TimbuktuI am gonna live real free till 303
just gonna do it all like I forgot how to readI am gonna score like a whore till 404
and when I get to the end I'm gonna do it some moreNo I'm not, no I'm not gonna stop living
Age is just, age is just a state of mind
I know I'm, I know I'm, invincible
Live the sweet life till 505
(x2)I'm gonna live the sweet life till 505
