Weak (a Capella)

Melanie C

Every single morning I wake up and there's a moment of bliss,
then I remember.
I get up and I get on with what I chose but oh how I wish
we could go back in time
And find the part we lost.
Go back to where we started off.
Every single morning I wake up...

And I've been waiting right here
for things to get better
And I've been patient trying
to figure this out
Everyone else is saying
what don't kill you makes you stronger
So why do I feel so weak?
So weak, so weak.

I can feel you loving me like tiny little wounds when I breathe
And time is so unkind.
And I am covered up in scars that should be starting to heal
But I'm not moving.
It's like I'm stuck in fantasies,
re-running made up memories.
I can feel you loving me baby...

And I've been waiting right here
for things to get better.
And I've been patient trying
to figure this out.
Everyone else is saying
what don't kill you makes you stronger
So why do I feel so weak?
So weak, so weak?

And I hate the way I feel, I can't control myself
It's like you've stripped away my strength and made me someone else
Why am I stuck here?
'Cause I've been waiting ooohhh
And I've been patient.
Everyone else is saying

what don't kill you makes you stronger
So why do I feel?

Cause I've been waiting right here,
for things to get better.
And I've been patient,
trying to figure this out.
Everyone else is saying
what don't kill you makes you stronger
So why do I feel so Weak?
So weak, So weak

So weak...
