

# Ordinary Human

## OneRepublic

Today I took a walk in the clouds  
Today I took a walk in the clouds  
Used to keep my eyes wide shut  
But now I'm staring down Today I felt a switch in my vein  
Today I felt a switch in my vein  
Used to be a shadow  
Now a shadow scream my name  
And in the daylight I could swear  
We're the same  
But I'm just an ordinary human  
(Ordinary ways)  
I'm just an ordinary human  
But I don't feel so ordinary today I'm just your picture perfect nothing  
Sometimes I medicate  
I'll be a picture perfect human  
Before the sun goes down today Today I felt a switch in my vein  
Today I made them all afraid  
Used to be a shadow  
Now a shadow scream my name  
And in the daylight I could swear  
We're the same  
But I'm just an ordinary human  
(Ordinary ways)  
I'm just an ordinary human  
But I don't feel so ordinary today I'm just a picture perfect nothing  
Sometimes I medicate  
I'll be a picture perfect human  
Before the sun goes down today Just an ordinary human  
But I don't feel so typical, no, today There'll be peace in the city tonight  
Peace in the city tonight  
But when I'm gone  
I hope they get it right  
There'll be peace in the city tonight  
Peace in the city tonight  
For when I'm gone  
I hope they get it right Just an ordinary human  
(Ordinary ways)  
I'm ordinary human  
I don't feel so ordinary today But when I'm gone

I hope they get it right
