

Three Cheers for Five Years

Mayday Parade

I swear that you don't have to go
I thought we could wait for the fireworks
I thought we could wait for the snow
To wash over Georgia and kill the hurt
I thought I could live in your arms
And spend every moment I had with you
Stay up all night with the stars
Confess all the faith that I had in you
I had in you Too late, I'm sure
and lonely
Another night, another dream wasted on you
Just be here now
against me
You know the words so sing along for me baby For heaven's sake I know you're sorry
But you won't stop crying
This anniversary may never be the same
Inside I hope you know I'm dying
With my heart beside me
In shattered pieces that may never be replaced
And if I died right now you'd never be the same I thought with a month of apart
Together would find us an opening
And moonlight would provide the spark
And that I would stumble across the key
Or break down the door to your heart
Forever could see us not you and me
And you'd help me out of the dark
And I'd give my heart as an offering
an offering Too late, I'm sure
and lonely
Another night, another dream wasted on you
Just be here now
against me
You know the words, so sing along for me baby For heaven's sake I know you're sorry
But you won't stop crying
This anniversary may never be the same
Inside I hope you know I'm dying
With my heart beside me
In shattered pieces that may never be replaced
And if I died right now you'd never be the same And I will always remember you as, you are right now to me

And I will always remember you now, remember you now
So sleep alone tonight with no one here just by your
side

Sleep alone tonight

How does he feel? How does he kiss?

(let's sleep alone tonight with no one here just by your side)

How does he taste while he's on your lips?

(let's sleep alone tonight with no one here just by your side)

How does he feel? How does he kiss?

(Repeats in background: let's sleep alone tonight with no one here just by your side)

I can't forget you

I know you want me to want you I want to

But I can't forget you

So when this is over don't blow your composure baby

I can't forget you

I know you want me to want you I want to

But I can't forget you

So when this is over don't blow your composure baby

I can't forget you

I know you want me to want you I want to
