# You're Not the First

## Beverley Craven

Just because there are rules
It doesn't mean the game is fair, oh, oh
So you head the revolution
In your own illusion of despairWhere were you a year ago?
Today don't lose your faithYou're not the first
And you won't be the last
Some day all this pain will pass
With someone to care for
And be there for, alwaysWhen you kill the conversation
You make it hard to say, "Goodbye", bye, bye
I just hate the situation
But you get drunk and I'm just tiredThat was over years ago
Now I won't change my mindYou're not the first
And you won't be the last
Some day all this pain will pass
With someone to care for
And be there for, alwaysAnalyzing everything to find
Some peace of mindYou're not the first
And you won't be the last
Some day all this pain will pass
With someone to care for
And be there forYou're not the first
And you won't be the last
Some day all this pain will pass
With someone to care alwaysSomeone to care for
You won't be the last
And be there for
You won't be the last
