

# You're Not the First

**Beverley Craven**

Just because there are rules  
It doesn't mean the game is fair, oh, oh  
So you head the revolution  
In your own illusion of despairWhere were you a year ago?  
Today don't lose your faithYou're not the first  
And you won't be the last  
Some day all this pain will pass  
With someone to care for  
And be there for, alwaysWhen you kill the conversation  
You make it hard to say, "Goodbye", bye, bye  
I just hate the situation  
But you get drunk and I'm just tiredThat was over years ago  
Now I won't change my mindYou're not the first  
And you won't be the last  
Some day all this pain will pass  
With someone to care for  
And be there for, alwaysAnalyzing everything to find  
Some peace of mindYou're not the first  
And you won't be the last  
Some day all this pain will pass  
With someone to care forYou're not the first  
And you won't be the last  
Some day all this pain will pass  
With someone to care alwaysSomeone to care for  
You won't be the last  
And be there for  
You won't be the last
