

Trigger Hippie

Morcheeba

Tune in, drop out of love
Pull the trigger, I'm a hippie
So said a truth, in blood
Alive and well, you push the buttons Standing in line of fire
For the whole, my soul
Step codes, the drums and sing
Love the children, learn to live with everything Love, love, I'm a trigger hippie, yeah
Love, love, love we're trigger hippies, yeah Zoom in, cut out, add sound
Make it feel so trippy
Hung up, let down to ground
Forget the kill, it's far to sticky Love, love, I'm a trigger hippie, yeah
Love, love, love we're trigger hippies, yeah
Love, love, I'm a trigger hippie, yeah
Love, love, love we're trigger hippies, yeah Love, love, I'm a trigger hippie, yeah
Love, love, love we're trigger hippies, yeah
