Personality (feat. T Pain)

Lil Dicky

We ain't ever been the mother
Fight a stack and get a hundred fifty bitches on deckWe the type of dudes that be putting in the effort
Just to show them that we better
Get the broads like that
It's how we do it!Hey bitches
Uh, I know I can be a little bit much sometimes
But really I just do that shit for the fellas
You know, I rap for the fellas
But like, this is for y'allI ain't even strong like that
So average, I ain't tall like thatWe just trying to show a little respect
Baby we goin for it
I'm the one that you need and you just don't know itWe ain't ever been ballers
But we getting pussy with our personality
We getting pussy with our personality
We getting pussy with our personalityHonestly I'm like a seven with my hair long
Maybe seven and a half facial hair strong
But I make these bitches laugh and I care for them
I'm the type of motherfucker pulling out the chair for themI ain't ever been the g at the bar
That get them bitches hella wet just by seeing his arms
You know the boy about the leg work
I plant seeds, I'm a mexicano gardenerAll I'm saying is I ain't playing the game with these bitches
I ain't mean to em, I prefer to show them everything that I can mean to them
Lil Dicky thrive with a friend of a friend and I never hesitate to tell them that I love RentI am not a stud I'm a boyfriend
I love love and I cuddle for enjoyment
My dick small but I'm telling you it's nothing by the time
that we fucking they so emotionally interested they really be cummingDrinking champagne oh you trying to dance babe
We can hit the floor I'm bout to show you how the man shake
We can make a [?]
Keep you safe and walk you to your damn place
Then I got you dancing on my rubber like a trampolineWhat you doing tomorrow? I'm with it
I'ma take you to the zoo and be cordialant with it
I'ma tell you hella stories and be mindful
Bet you get a little horny like the infant rhinosI ain't even strong like that
So average, I ain't tall like thatWe just trying to show a little respect
Baby we goin for it
I'm the one that you need and you just don't know itWe ain't ever been ballers
But we getting pussy with our personality

We getting pussy with our personality
We getting pussy with our personalityWe ain't ever been ballers
But we getting pussy with our personality
We getting pussy with our personality
We getting pussy with our personalityWe ain't ever been the mother
Fight a stack and get a hundred fifty bitches on deckWe the type of dudes that be putting in the effort
Just to show them that we better
Get the broads like that
It's how we do it!When I get your gchat, that's a rap hoe
Smoke weed, eat the pussy like a snack hoe
Dave lays you on top like a rap though
Bet you think I'm nice in person I ain't talking rap showsI ain't gonna pick you up at the club
But if I get about an hour with you, bet you in love
I'll ask questionsOh you did your hair? Little Dicky pay attention
Oh you getting scared? What's the root of all this tensionYou know I'd be a hell of a date and if you torn I will split the entrees that you crave
And when you bored I can send you Snapchats for days
And make them personally for you like they all will be based around the inside jokes we develop in timeAnd if you tired won't initiate the sex it's fine
I can talk you on the phone when you driving alone
And make you feel comfortable enough to take me to momAnd that bitch gon love it
She gone tell your ass you legit yo a hubby
She gone tell your ass need to quit your clubbin and go get that youngun
While I'm sitting with your dad being slick straight grubbinI can take you out to brunch call me hollandaise
Know exactly what you want every holidayI can text you like a motherfucker
Wordy and impressive 57 on the [?]
Hit you when you coming throughI ain't even strong like that
So average, I ain't tall like thatWe just trying to show a little respect
Baby we goin for it
I'm the one that you need and you just don't know itWe ain't ever been ballers
But we getting pussy with our personality
We getting pussy with our personality
We getting pussy with our personalityWe ain't ever been ballers
But we getting pussy with our personality
We getting pussy with our personality
We getting pussy with our personalityWe ain't ever been the mother
Fight a stack and get a hundred fifty bitches on deckWe the type of dudes that be putting in the effort
Just to show them that we better
Get the broads like that
It's how we do it!
