

# Veil of Elysium (Acoustic Version)

## Kamelot

Hear my promise of blistering light  
Sowing a rose of obsidian  
My dear I promise  
Death comes to all  
In a heartbeat only silence  
Let's play with the fire that runs in our veins  
Trust in the might of a miracle  
Now winter has come and I'll stand in the snow  
I don't feel the cold  
And it's all that I will ever need to believe

One day I know we will meet again  
In the shade of a life to die for  
Watching the world through the eyes of a child in Elysium  
Will I know you then?  
(Will I know you then?)

Now bring down your fortress and swallow your pride  
Don't break in your moments of ignorance  
Existence will capture a spark of life  
Just a fragment, but it's all that I will ever need to revive

One day I know we will meet again  
In the shade of a life to die for  
Watching the world through the eyes of a child in Elysium  
Will I find you there in that darkness  
Of the shadow that comes over all?  
Dear friend will I know you then?  
Will I know you then at all?

One day we'll meet  
(One day we will meet in the shade of a life)  
In the shade of a life to die for  
(Watching the world)  
Watching the world through the eyes of a child  
Will I know you then?

One day I know we will meet again  
In the shade of a life to die for  
Watching the world through the eyes of a child in Elysium

Will I know you then?

Will I know you then?
