

# Wanna Be with Me?

## Da Buzz

Want to be with me  
Want to be with me  
(Wanna be with me) Night falls, everybody change their attitude  
And they start to run, they wanna be the first in line again.  
I go, stepping on the gas to a fortune  
I don't know if I win, but Saturday is bringing the magic in Wanna be with me  
Let me show you, that I love you  
Wanna be with me  
You'll be stronger, I will hold you  
If you wanna be with me (Wanna be with me) Turned here, listen to a voice that I don't know  
Then we start to dance, feel his body movin' closer now  
And I feel, take a step around I feel so good  
I don't know if I win, but Saturday is bringing the magic in Wanna be with me  
Let me show you, that I love you  
Wanna be with me  
You'll be stronger, I will hold you  
If you wanna be with me Want to be with me  
Want to be with me One is for the music  
Two is for the moves you're making  
Three is for emotions  
Do you, do you love me? Wanna be with me  
Let me show you, that I love you. Oh-yeah  
Wanna be with me  
You'll be stronger, I will hold you  
If you wanna be with me  
Let me show you, that I love you. Oh-yeah  
Wanna be with me  
You'll be stronger, I will hold you If you wanna be with me  
If you wanna be with me
