Love You Like A Brother

Hall & Oates

It was always you and me and him
A whiskey sour, beer and gin
We were having fun when the night was over
You'd go off together leaving me alone
All alone
I stayed up every night, I had to find a way
I had to get to you
So I told you, he was stepping outside
I said, ?When you broke down and cried
Why don't you come to me??
She said, ?I love you like a brother
And that's how it's got to stay?
Because I don't need no reminder
Of the love that went away
And the more I desire
The less it does inspire
Because she says, I remind her
Of the love she left behind
I found myself in the same old place
In the bar, another lonely night to spend
But the first thing I saw when I walked in
Was my almost lover
And my ex best friend
She was drinking all alone
And he was on the telephone
They wouldn't look at me
I went outside, I wanted to cry
It's a lonely life, ain't what it used to be
She said, ?I love you like a brother
And that's how it's got to stay?
Because I don't need no reminder
Of the love that went away
And the more I desire
The less it does inspire
Because she says, I remind her
Of the love she left behind
She said, ?I love you like a brother
And that's how it's got to stay?
Because I don't need no reminder

Of the love that went away
And the more I desire
The less it does inspire
Because she says, I remind her
Of the love she left behind
