

# Laughing

## Winterpills

I started losing you  
About the time you told me everybody knew  
I fell under the strain  
And through the rear-view mirror watched you  
Circle 'round the drain I go back to all the places I've known  
I knock hard but no one's ever at home  
Why does every brilliant color I'm shown  
Wanna bleed to grey? And I can't hear you laughing anymore.  
I can't hear you laughing. I tried to find our flat  
But god would never ever let us have the keys to that  
I tried to buy a house  
But the deal she offered me would mean  
You'd have to call me Faust I go back to all the places I've known  
I knock hard but no one's ever at home  
Why does every brilliant color I'm shown  
Wanna bleed to grey? And I can't hear you laughing anymore.  
I can't hear you laughing.
