Promise Me

Cauterize

If this is a game, I don't want to play
This means too much to me and you're so far away
But I will wait for you, we can see this through
Now it's up to you, please tell me, you feel the same way tooA simple touch, the look in your eye, the sound of your voice
They do something to me I've never felt
But I don't ever want to leave
Looks like it's happened to me once again
Things are over before they started, another goodbye
Unless you wanna try and I'll promise you I'll tryIf this is a game, I don't want to play
This means too much to me and you're so far away
But I will wait for you, we can see this through
Now it's up to you, please tell me, you feel the same way tooA warm embrace
It's been a while since I've seen your pretty face
If you would let me, I don't think I would ever leave this place
Every shared night just feels so right
When I wake up with you in my arms, staring into my eyesTry and I'll promise you I'll tryIf this is a game, I don't want to play
This means too much to me and you're so far away
But I will wait for you, we can see this through
Now it's up to you, please tell me, you feel the same way tooTry and I'll promise you I'll tryIf this is a game, I don't want to play
This means too much to me and you're so far away
But I will wait for you, we can see this through
Now it's up to you, please tell me, you feel the same way too
