Indulging inaccuracy, I'm picking apart my friend Lizzie  
Throw another word on me and watch me hurl it back  
I know you, I swear I do, you're just like me  
You're sipping a cup of pity, awDid I forget to mention, I'm the center of attention  
In my universe Mm pain's my pension  
I know you, I swear I do, you're just like me  
You're sipping a cup of dreams, yeahSoul sloshing, don't shush me  
Just listen to me, pretty little kitty in the sky  
The bass of my laughter, my gut is the speaker  
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha  
Sweet is my surpriseSelf involved security, yet you are such a part of me  
And somehow what we do, seeps into me, seeps into you  
It's subtle, it's creepy knees, it's condescension versus humility  
I know you, I swear I do, you're just like me  
You're sipping a cup of pity, awDid I forget to mention , I'm the center of attention  
In my universe , my pain's my pension  
I know you, I swear I do, you're just like me  
You're sipping a cup of dreams, yeahSoul sloshing, don't shush me  
Just listen to me, pretty little kitty in the sky  
The bass of my laughter, my gut is the speaker  
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha  
Sweet is my surprise, sweet is my surpriseSoul sloshing, don't shush me  
Just listen to me, pretty little kitty in the sky  
The bass of my laughter, my gut is the speaker  
Ha, ha, ha, ha, ha, ha, ha, ha, ha, haSoul sloshing, don't shush me  
Just listen to me, pretty little kitty in the sky  
The bass of my laughter, my gut is the speaker  
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha  
Sweet is my surprise, sweet is my surprise  
Sweet is my surprise, sweet is my surprise
