

Love Don't Wait

[Jim Adkins](#)

Love don't wait, love don't make no mistake
It won't get lost, love don't serve no boss
I take love as it comes to me
I choose love as it choose to be Love don't wait, love don't make no mistake
It won't get lost, love don't serve no boss
I take love as it comes to me
I choose love as it choose to be Try, try to bend it
It breaks, it'll break you
Try, try to bend it
And it breaks, breaks your heart
Your poor heart
Love don't wait, love don't make no mistake
It won't get lost, love don't serve no boss
I take love as it comes to me
I choose love as it choose to be
as it choose to be
as it choose to be
as it choose to be
