

# If Heaven Is Not a Place To Go

Ray Wylie Hubbard

It has been a dream of mine to hold you in my arms  
to tell you that my love is true and shelter you from storms  
the road I chose a long time ago it led me from your door  
and now I am back from the shadows rain and I cannot love you more  
If heaven is not a place to go but is a state  
of mind  
I'll hold you in my thoughts forever through all time  
You see a soul in a tattered hat who's been out there for  
awhile  
D Am C G  
and in my trials I've walked through fire now I wait to share your smile  
D Am C G  
I know my roads have all run out I have nothing but words it's true  
D Am C G  
perhaps I can rhyme a few of them in a song for you  
G D C G D  
If heaven is not a place to go but is a state of mind  
G C D G  
I will hold you in my thoughts forever through all time  
G D C G G D G solo  
D Am C G  
Now there's a place within this world its precious and alive  
D Am C G  
it is not distant and it is not far it's right before our eyes  
D Am C G  
so take my hand and close your eyes and I will take you there  
D Am  
C G  
have a little faith and don't lose hope and it wouldn't hurt if you said  
a prayer  
G D C G D  
If heaven is not a place to go but is a state of mind  
G C D G  
I will hold you in my thoughts forever through all time.....  
G D C G D  
If heaven is not a place to go but is a state of mind  
G C D G  
I will hold you in my thoughts forever through all time....
