Rah! Rah! Replica

Bikini Kill

I caught my boyfriend kissing a replica
Oh god, she looked just like me
Only nice and sweet and better,
But she's not bacon boy
She's fucking sizzlelean
She burnt my dresses and she cut my hair
"She burnt my dresses and she cut my hair"
HE BURNT MY DRESSES AND HE CUT MY HAIR
doused out the fire in my stare
One, Two
Now I live on a new street baby,
Now I live on a new street yeah,
Now I live on a new street baby,
Address double zero and the place is nowhere
Don't. You. Try. To. Fake. Me. Out.
