

Trojans

Doug Locke

VERSE 1:

Woke up feeling hypnotized
From the piercing of your eyes
Am I dreaming? I don't know
I never let my feelings show
Afraid from what has come before
Hesitate before I Let go

PRE-CHORUS:

Now all of the ice
That's trapped me inside
With just one touch you melt it away
I've flat lined tonight
I can't be revived
Cause you take my breath away
And I'll never I'll be the same

CHORUS:

Boy you're loving me so good
Fall with you, I know I should
I'll be Achilles you'll be Patroclus
We are the Trojans

Lost in this moment
Take the armor off my chest
I was a lonely soldier on a quest
I found a warrior I can't resist
We are the Trojans

Lost in this moment

VERSE 2:

Tip toeing way up in the clouds
Gravity can't bring us down
Let's hide up here forever
It's paradise when we're together
What felt like a distant dream
Lying here right next to me
Take a breath in, let it go

PRE-CHORUS:

Now all of the ice
That's trapped me inside
With just one touch you melt it away
I've flat lined tonight
I can't be revived

Cause you take my breath away
And I'll never be the same

CHORUS:

Boy you're loving me so good

Fall with you, I know I should
I'll be Achilles you'll be Patroclus
We are the Trojans
Lost in this moment
Take the armor off my chest
I was a lonely soldier on a quest
I found a warrior I can't resist
We are the Trojans
Lost in this moment
BRIDGE:
Against all odds we fight
Searched all my life to find
Someone like you so right
Let's take the first flight out to
Shangri-La Tonight...
Tonight...
CHORUS:
Boy you're loving me so good
Fall with you, I know I should
I'll be Achilles you'll be Patroclus
We are the Trojans
Lost in this moment
Take the armor off my chest (I'm taking all my armor off my chest)
I was a lonely soldier on a quest (no longer lonely, I found happiness)
I found a warrior I can't resist
We are the Trojans
Lost in this moment
Oh Oh oh oh...
