Soul To Bare

DJ Cosmo

One year has past
And things aint what they used to be
I tried and I tried
To make things right
Tween you and meSometimes the best thing
Is smile and say goodbye
Sometimes the right thing will
Make another cry
Well I dont know
Where Im going
But I already know
Whats pastSomethings got a hold of me
And Im not afraid
I got nothing to lose but my soul to bare
Somethings got hold of me
Im not afraid I got nothing to lose
But my soul to bareWhat can I say
I think we already
Said it all
Cant describe
How I feel inside
What coulda
Shouldnt beSometimes the best thing
Is smile and say goodbye
Sometimes the right thing will
Make another cry
Well I dont know
Where Im going
But I already know
Whats pastSomethings got a hold of me
And Im not afraid
I got nothing to lose but my soul to bare
Somethings got hold of me
Im not afraid I got nothing to lose
But my soul to bareYou could of
You should of
Could of
Should of
Could of Should of

But you didnt do nothing for me
So now I got to be free
Bare.
