Hammer & Tongues

Soulwax

Like the hammer of a clickin' gun
Words soundin' funny comin' out all wrong
Hang on sister
We gotta lot to learn
This compartment is self-contained
Still my mouth is runnin' dry again
I agree to disagree
I know you are but what am I?
Languages appeals to a long lost cry
Carefully chosen words I triedHang on brother
We gotta lot to learn
For what it's worth
The rights and wrongs
The hammer and tongues
To all of you who don't believe
Suck a like with a big hole in me
Hang on sister
We gotta lot to learn
I know you are but what am I?
