# My Blue Supreme

## Interpol

Fake out, you've already made a scene
Allow me a break now
To say it in the way you go about
It's my time, it's my timeWhen love comes, honey, take it
Only one in a hundred make it
You fake until there's nothing to fakeSomeone that I'm dying to be
Is cruising in my blue supremeBabe, you've already captured me
And I fake out
To say it in the way you go about
It's my time, my timeThere's someone that I'm dying to be
Cruising in my blue supreme
Someone that I'm dying to be
There's someone that I'm dying to be
Cruising in my blue supremeTo say it in the way you go about
My timeWhen love comes, honey, show it
So many others blow it
This kind of shit don't heal in a weekCruising in my blue supreme
Cruising in my blue supreme
Someone that I'm dying to be
Well, nothing ever comes for free
I'm cruising in my blue supreme
Something that I'm trying to create
Just my shoes and some shake
Cruising in my blue supreme
