VULTURES AND SHARKS

Oceans Ate Alaska

They came to conquer
All they wanted was to watch us suffer
Should of known what doesn't kill me, only makes us strongerSome say we brought this upon ourselves
Overlooked the cracks, never heard the cries for help
I have no one to blame but myself
Whispers in the wind, shared all our sins and secrets
They came to conquer (They Came to conquer)
Not for glory or a hero's return
All they want is to watch us crash and burnVultures above and sharks below are waiting for us to fall
In hope that they'll catch you and ruin it all
Circling us from head to toe
We're swimming in the shallows arguing to and from
There's bad blood in the air
This killer instincts the only thing we'll ever shareWe are the creators of our own demise.
They took to the seas
They took to the skies.
Only had eyes for my prize possessions
(Turned all my confessions into lies)
All they want is to watch us crash and burn
All they want is to watch us crash and burnThis is what it feels like to be in the jaws of defeat
One thousand teeth. Slowly sinking inVultures above and sharks below are waiting for us to fall
In hope that they'll catch you and ruin it all
Circling us from head to toe
We're swimming in the shallows arguing to and from
There's bad blood in the air
This killer instincts the only thing we'll ever shareThey came to conquer
All they wanted was to watch us suffer
They came to conquer
All they wanted was to watch us suffer
Watch us suffer
