

# Coasting

## Kele

Falling into you  
It's a Saturday night when I'm with you  
Coasting, keep it true  
Yeah I like it yeah, I'm into you  
See you're kinda cute  
Got me wondering  
Got me through and through and through Instant chemistry,  
Such a spiritual feeling inside of me  
It's all good, it's all free  
Anything you want child anything it's on me  
Say you, you feel it too  
Got me centering  
Got me through and through and through  
We are gonna take, take, take it slow  
'Cause this love is taking home  
We are gonna take, take, take it slow  
Find it save it hone it shape it  
Find it face it, you know I'm feeling you, you Falling into you  
It's a Saturday night when I'm with you  
Coasting, keep it true  
Yeah I like it, yeah I'm into you  
See you're kinda cute  
Got me wondering  
Got me through and through and through  
We are gonna take, take, take it slow  
'Cause this love is taking home  
We are gonna take, take, take it slow  
Find it save it hone it shape it  
Find it face it, you know I'm feeling you, you
