

# Deaf Forever (BBC Radio 1 Friday Rock Show)

## Motörhead

Stoneface dog, swirling fog, gates open on the dark dark night  
Standing stone, skull and bone, dead witness to an unseen fight  
Beat the drum, beat the drum, beat forever on the endless march  
Stricken dumb, cut and run, someone is screaming and the sky is dark[Chorus:]  
Sword and shield, bone and steel, righteous grin  
Deaf forever to the battles dinMarch or croak, flame and smoke, burn forever in eternal pain  
Charge and fall, bugle call, bone splinter in the driving rain  
Horses scream, Viking dream, drowned heroes in a lake of blood  
Armored fist, severed wrist, broken spears in a sea of mud[Chorus]Mother earth, mother earth enfold you in her  
cold embrace  
Sinking down, killing ground, worm crawling on your cold white face  
Win or lose, ought to choose, all men are equal when their memory fades  
No one knows, friends or foes, if Valhalla lies beyond the grave[Chorus]
