

# Things My Father Said

## Black Stone Cherry

The things my father said would make me a better man  
Hard work and the love of friends, a woman that understands  
I hope my father knows the seeds we've sown still grow  
At night I go to sleep and pray he is watching over me  
Somewhere there's a star that's shining  
So bright that I can see you smile  
And all that I need is one last chance  
Just to hear you say goodbye  
Sometimes I remember when you taught me to tie my shoes  
One thing I will never forget is the day that I lost you  
I hope you always know the car that we built will always roll  
Somewhere there's a star that's shining  
So bright that I can see you smile  
And all that I need is one last chance  
Just to hear you say goodbye  
And if you have a dream you better hang on for dear life  
And when that cold wind blows just let it pass you by  
Yeah, things my father said  
Yeah, yeah, yeah, yeah  
Somewhere there's a star that's shining  
So bright that I can see you smile  
And all that I need is one last chance  
Just to hear you, you say goodbye, goodbye  
Just to hear you say goodbye
