Share My Love

R. Kelly

Come here baby
Just lay your body right here baby
And let me tell you all
All the things, I wanna do to you baby
Aw, girl relax
'Cause I'm about to prove to you
That every bit of me wants to be lying here with you
All I wanna I doI just wanna share my love
I just wanna share my love
I just wanna share my love
Share my love, share my love with youI just wanna share my love
I just wanna share my love
All of my, share my love, I just want, share my love with youLet go baby
And let this feeling get in you
Why don't you just come a little closer girl
Let me show you what my love can do
Ooh, take that off
Oh girl and let the fun begin
If you just, just throw that out to love tonight
I promise you'll never hurt again, oh, noI just wanna share my love
I just wanna share my love
For the rest of my life, baby
I wanna share my love
I just wanna share my love
Share my love with youNow that we're in this room,
Let's do what we were born to do
Populate, let's get together
Populate, make the world better, populateI just wanna share my love, with you baby
I just wanna share my love, so that wanna do
I wanna share my love, share my love, share my love with you
I just wanna share my love
For the rest of my life
I just wanna share my love
Girl come over here and get this love
I wanna share my love
It's all for you
Share my love, share my love with youI just wanna share my love
I just wanna share my love
Forever baby

I wanna share my love, share my love, share my love with you
