

# Road To Nowhere

## Bullet for My Valentine

Tired and lonely still we stand  
On a road to nowhere  
Trapped in a world of endless days,  
My engine's stalling (Road to nowhere)  
Body and mind are breaking down  
On a road to nowhere  
Destiny silent, hear no sound  
As I wait forever. Farewell, I'll miss you  
I'm sick of these goodbyes  
'Cause it tore us apart right from the start  
I miss you Feelings have failed me  
Left me cold  
On this road to nowhere  
(Road to Nowhere)  
Dreams are my saviors,  
Save me now,  
'Cause I know I'm fallin' (Oh yes) Farewell, I'll miss you  
I'm sick of these goodbyes  
'Cause it tore us apart right from the start  
I miss you Candles burn slowly,  
Flames shine so brightly  
Light in the darkness,  
Save me from madness again Only the lonely,  
could possibly know me  
Heat keeps on rising,  
Fire engulfs me again KEEPS ON RISING Farewell, I'll miss you  
I'm sick of these goodbyes  
'Cause it tore us apart right from the start  
I miss you Farewell, I'll miss you  
I'm sick of these goodbyes  
'Cause it tore us apart right from the start  
I miss you
